DISGUISED ROBBERS GO THROUGH TRAIN

One Passenger Killed; Another Seriously Wounded.

THE MAN SLAIN WAS A NEGRO

There Was Only a Few Passengers on the Train and the Robbers Did Not Secure More Than $100.—Posses Trailing Robbers.

Pittsburg, Kansas, March 6.—A Missouri Pacific passenger train which left here Monday was held up by two men in disguise, and Lou Jeff, a negro miner employed at Camp 31, of the Central Coal and Coke company, was killed because he protested, and L. Westlake, of Toledo, Ohio, was, with his wife and two children, had been visiting relatives in Kansas, was shot through the hand by a stray shot that had been fired at the negro. There were few passengers on the train, and the robbers secured only a little over $100 cash, and a few watches.

The men were disguised only with false mustaches and goatees. One was a man, weighing between 180 and 200 pounds, and the other was 160 pounds. Both were dark-complexioned and wore dark slouch hats and dark clothes. They boarded the train as it passed the Kansas City Southern station. They commenced with the smoking car, and one walked ahead with a 44-caliber revolver in each hand and quietly asked the passengers to "shell out" to the man behind who was closely following. They were not far behind the train auditor who had followed him into the wood coach.

When they came to Jeff, in the wood coach, he pulled his revolver, and took a shot at the foremost robber who shot twice at him. The first shot went wild and struck Westlake, while the second struck the negro in the head, and killed him instantly. They then quietly made the auditor open and deliver, and hurriedly left the train as it entered the yards at Cornell. Westlake, the wounded, passenger, was taken to Liberal, at which place his hand was dressed by the local surgeon of the company.

As soon as communication could be had with Agent Donohoe, of this place, a switch engine, with a posse of officers, was sent to Cornell, which is only four miles from here.

The country surrounding Pittsburg is thickly settled, and is dotted with a number of villages and mining camps. It is reported that the news that a passenger was killed by the bandits has spread rapidly, and the miners are making diligent search in an attempt to capture and lynch the men.

Off for Panama.

New York, March 6.—To the West Indies, the Spanish main and a two days' stop at Colon that the Panama canal work may be visited, the steamer Bluecher, of the Hamburg-American line, sailed Tuesday with her passenger list filled. In the large party are several members of congress who take the trip to see the operations on the Isthmus of Panama. In the congressional party are Speaker Cannon, Senator Charles Curtis, of Kansas, and Representatives Sherman, Littauer and Van Vechter Olcott, all of the state of New York; Tawney, of Minnesota; Loudenschlager, of New Jersey, and McKinley, of Illinois.

Death Doesn't Divide Man and Wife.

Pittsburg, Pa., March 6.—Mr. Van Dusen, chief assistant general passenger agent of the Pennsylvania lines west of Pittsburg, died Monday of pneumonia. Two hours later his wife, Mrs. Sarah Van Dusen, expired in an adjoining room. Van Dusen was born in Cincinnati sixty years ago.

Taft Is Not Through Yet.

Panama, March 6.—W. J. Oliver bid for the Panama canal Monday in accepting an invitation to attend a meeting of the canal commission and congressmen at the ca-

GREENE AND GAYNAR CASE.

Is Called in Appeal Court in the City of New Orleans.

New Orleans, March 6.—The celebrated case of Benj. F. Greene and John T. Gaynor, charged with conspiracy against the United States government, was called for argument here Tuesday before the United States circuit court of appeals.

This case has now been pending for more than seven years in one form or another, involving arguments before judicial bodies of this country Canada and England.

After the original indictment had been found in Savannah, Ga., in 1899 there followed about two years' of preliminary examination in New York, where the defendants resided. Then following a brief hearing in Savannah, they were for more than three years fugitives in Canada while the United States government carried their case to the privy council in England before finally securing their extradition. In January, 1906, their trial began in Savannah, Ga., nearly five years after they had been first taken there for trial.

They were declared guilty last April on charges of conspiracy, embezzlement and presenting false claims. Convictions were secured on the claim that they conspired to defraud the United States government by inducing the acceptance of their bids at a higher cost than conditions warranted on contract work in Savannah harbor.

They were sentenced to four years' imprisonment each and to pay a fine of $575,000, which equals the entire amount paid them by the government for the Savannah work. They are now in jail at Macon pending the result of the present appeal.

Before the case was called, attorneys for Greene and Gaynor announced that the appeal is based on nearly 200 assignments of error, classified under 15 subjects including the extradition proceedings, the statutes of limitations the question of whether New York or Georgia courts had jurisdiction, and the claim that the jury which convicted was not legally qualified.

Trial of Negro Soldier.

Chicago, March 6.—The trial of Sergeant John A. Griffin, of troop A, of the Ninth cavalry, negro, for the killing of Corporal Herbert Taylor, at Fort Sheridan last Christmas, was started with unusual expedition before Judge Landis, in the federal court Monday night. Before court was adjourned, a jury had been selected, and attorneys for the United States and for the defense has completed their opening addresses. It was made plain at the outset that Assistant U. S. District Attorney Dobyns will demand the death penalty. He characterized the killing of Taylor as malicious and premeditated and rejected all veniremen with conscientious scruples against the death penalty.

Found No Trace of Poison.

Denver, Colo., March 6.—Professor W. D. Engle, head of the department of chemistry of the university of Denver, has transmitted to the district attorney the results of his analysis of certain organs of Mrs. Cora B. Wright, and her daughter, Genevieve, both of whom were found dead in their home eight adys ago. Benjamin C. Wright, husband and father, is accused of having murdered them by using poison. Professor Engle states in his report that he found no trace of poison. Wright is in the county jail and now declares that the confession he made to Chief of Police Delaney, is untrue and was forced from him by threats and abuses.

Responsibility Not Placed.

Terre Haute, Ind., March 6.—Coroner Leavitt has returned a verdict on the Sandford, Ind., train explosion which occurred near here on the night of Jan. 19.—He found that inasmuch as the majority of the evidence as to the cause of the explosion had been destroyed, he could not fix the responsibility.

Was Head of Soldiers' Home.

Dayton, O., March 6.—Colonel J. B. Thomas, governor of the central branch, national soldiers' home, died Tuesday morning at the home near this city. He had been connected with this institution since its incep-

POWDER EXPLOSION WRECKS MAGAZINE

About Thirty People Were Injured,

SOME OF THEM PROBABLY FATAL

Business Street of City Was Wrecked and Window Panes Were Broken for a Distance of Fifteen Miles from the Explosion.

Pottsville, Pa., March 6.—By an explosion of powder at the Richards colliery at Mt. Carmel Tuesday, the blacksmith shop, boiler house and large powder magazine were blown up. About thirty persons were injured, some probably fatally.

The business street of Mt. Carmel was badly wrecked.

Window panes in houses were broken for a distance of fifteen miles from the place of the explosion.

El Paso, Tex., March 6.—Two explosions in the rock quarry of the Chihuahua and Pacific railroad at Sandoval, Chihuahua, Monday, killed and buried nine men and seriously injured nine others.

Dr. Wagner Testifies.

New York, March 6.—Dr. Wagner was recalled when the Thaw trial opened Tuesday morning and his cross-examination was resumed by District Attorney Jerome. Mr. Jerome asked Dr. Wagner if he could cite a brain storm in which the onset took place in ten minutes. The doctor could not. "Does the calmness and deliberation with which Mr. Thaw walked down the aisle of the roof garden and shot White indicate anything about his mental condition? Is it unnatural for a person suffering from brain-storm to act in this manner?" asked the district attorney. "I have already told you that I cannot lay down any rule as to conduct in insanity," replied Dr. Wagner.

Robbery of Sub-Treasury.

Chicago, March 6.—A report here has it that $1,000,000 instead of only $175,000 had been stolen from the Chicago sub-treasury, was denied by Sub-Treasurer Boldenweck and the secret service officials who are working on the case. Mr. Boldenweck followed his denial, however, with the statement that the examination of the four Washington experts, who came to this place, and are now counting the funds in the local subtreasury, may show a variation from the amount made public—$173,000—but he stated that it was not anticipated that this variation, be is either more or less, will be large.

$2,000,000 Mortgage Filed.

Sherman, Tex., March 6.—The Texas Traction company, now constructing inter-urban lines between Sherman and Dallas, has filed chattel mortgage and deed of trust in the office of the county clerk covering its prospective line bteween the two cities named to the Old Colony Trust company, of Boston, Mass., for the amount of $2,000,000. Provision is made in copy of the instrument filed for issuing $1,000,000 additional bonds for payment of obligations of the Texas Trust company as they arise, and construction of the line and for the purpose of building additional lines.

Will be Tried March 14.

Paris, March 6.—Abbe Jouin, of the church of St. Augustine, who will be tried March 14 by the Correctional Tribunal on a charge of "distributing a writing calculated to incite rebellion and civil war, when interviewed relative to a semi-official statement that documents to be used in his prosecution confirm the reports that Mgr. Montagnini, the expelled secretary of the Paris nunciature, tried actively to prevent the visit of King Alfonso to Paris, said that nothing from the Montagnini papers have been communicated to him and that he never knew that Mgr. Montagnini had any relations with him.

TROOPS WILL BE ON HAND.

To Prevent Kentucky Mountaineers from Killing Court Officers.

Lexington, Ky., March 6.—The trial of Judge Jamse Hargis, charged with the assasination of Dr .B. D. Cox began on Tuesday at Jackson, Breathitt county, at a special term of court, to be presided over by Judge William Carnes. Judge Carnes will go to Jackson accompanied by a company of state guards from Lexington and a portion of the Frankfort battery, under command of Captain C. W. Longmire.

In case of the anticipated court room fight, it is believed Judge Hargis, his attorney, W. A. Young, and Prosecuting Attorney A. Floyd Byrd, may be killed. Attorney Byrd said he thought he would be killed if such a fight occurred. The town of Jackson is full of mountaineers.

The trials of B. Fulton French, John Smith and John Abner, charged with the assassination of James B Marcum during the Breathitt feud trouble, was set for Beattyville Monday, but it was continued until July.

Will Prove Financial Failure.

Havana, March 5.—The present sugar crop will prove a financial failure unless the price of sugar advances. Although the weather is good and the abundance of cane has enabled grinding to be carried on without interruption the cost of production is excessive. The cost of labor is nearly double the average for recent years. The Spanish silver is nearly at par and the railroad rates are very high. The planters complain they are working exclusively for the benefit of the railroads which are charging from 25 to 50 cents for hauling a sack of sugar of 325 pounds weight to port. It is alleged that the principal railroad, which recently increased its stock 50 per cent did so to hide the high dividends it is earning. These, it is said, are almost due to the high freight rates on sugar.

Should Have Far Eastern Squadron

St. Petersburg, March 6.—General Batyanoff, formerly an officer in the navy is trying to persuade the emperor that Russian should have a squadron in Far Eastern waters at the earliest possible moment, and is recommending that the project in the warships be built in the United States and not in Europe. The general declares that the American ship building yards could turn out in two years as many ships as European yards could in five years. Russia is soon to begin the construction of the battleships of 21,000 tons displacement with a speed of 21 knots, turbine machinery and armament of ten 12-inch guns each. It is reported these vessels will be laid down in St. Petersburg yards this spring, and it is hoped to finish them in four years.

New Commander Now In Charge.

Atlanta, March 6—General Winfield S. Edgerly, who succeeds General William P. Duvall, as commander of the department of the gulf, is in the city, and has assumed command of the department. General Edgerly is a commanding looking man of six feet, three inches in height, and is a soldier every inch of him. He comes to Atlanta from Los Angeles, Calif., where he had only been a very short time from the Philippines, where he made an enviable record for bravery. General Duvall has gone to Washington to take a position on the general staff, made vacant by the removal of General Thomas Barry to the command of the troops now in Cuba.

Pistol Play in a Saloon.

Nashville, Tenn., March 6.—Jess White was killed and George Edwards mortally wounded by Cory Weakley, late Monday as the result of a brawl at the saloon of John Bradley, on Third avenue. White, it is said, was an outsider and accidentally got in line of a bullet intended for Walter Oliver, one of the combatants. Weakley, who was arrested, is the son of a prominent business man. His wife, Mollie Weakley, who was arrested, charged with disorderly conduct.

Prince of Wales Promoted.

London, March 6.—The prince of Wales, who had the rank of Vice Admiral in the British navy, has been promoted to be full admiral.

RUSSIAN DOUMA HAS OPENED FOR SESSION

Lower House of Russian Parliament Convenes.

IMPERIAL FAMILY NOT PRESENT

First Ceremony Was a Religious Service in Which the Highest Clergy of the Russian Empire Participated in the Celebration.

St. Petersburg, March 6.—The douma, or lower house of parliament, was formally opened at noon Tuesday in the presence of all the ministers and many high funcionaries. No member of the imperial household was present. The first ceremony was a religious service in which the metropolitan, Antonius, the higher clergy of the diocese, and a full choir participated.

M. Goluboff, vice president of the council of the empire, accompanied by Baron Uexkull de Gyldenbandt, secretary of the empire, entered the hall after the service. The former immediately called the lower house to order and in a colorless speech invited the members to sign the oath of allegiance to Emperor Nicholas.

The conservatives cheered the mention of the name of the emperor, but the opposition members remained silent. The socialist members did not enter the hall until M. Goluboff had finished speaking, when they came in in a body, demonstratively.

After signing the oath, the balloting for president of the lower house began. There was no serious disorder, but the crowds outside the palace were unruly and several times had to be driven back by the infantry and mounted guards.

New Regulations for Post Cards.

Washington, March 6.—An order has been issued by the postmaster general providing new regulations governing the size, form and weight of private post cards, entering the mails. Such post cards must be made of an unfolded piece of card board, not exceeding three and nine-sixteenths by five and nine-sixteenths inches, nor less than two and three-fourths by four inches. They must inform and in quality and weight of paper be substantially like the government post cards. They may be of any color not interfering with a legible post mark. Any thin sheets of paper may be attached to them on condition that they completely adhere to the card. Cards bearing particles of glass, metal, mica, sand, tinsel or other similar substances, will not be accepted for mailing except when enclosed in envelopes.

New Party In Venezuela.

New York, March 6.—Nicanor Bolet, son of the late General N. Bolet Picanza, former minister of Venezuela, at Washington, is one of the movers here of the newest party of Venezuela, to be known as the partido independiente. Mr. Bolet hopes to bring into its ranks many of the members of the liberal party as well as members of the national and conservative party, of which General Jose Manuel Hernandez (El Mocha) is the recognized head. The independent party will advocate absolute adherence to the constitution. Therefore it will favor the succession of Vice President Gomez, but only for the unexpired term of Castro. When the term expires independents hope to have an election.

Depew Held by Coroner.

Washington, March 6.—Senator Chauncey M. Depew, one of the directors of the New York Central, held by the coroner's inquest which inquired into the wreck in the Bronx Feb. 16, when 23 persons were killed, went to New York Tuesday afternoon to consult with counsel for the road. He said that he had not been summoned to appear, but he ould be guided by the advice of counsel.

Sir Conan Doyle Ill.

London, March 6.—Sir Conan Doyle, the author, is seriously ill from ptomaine poisoning.

THIRD DAY OF THE FLORIDA CHAUTAUQUA

Three Interesting Sessions Were Held Wednesday.

COL. BAIN'S LAST TALK HERE

He Delivered an Interesting and Humorous Lecture on "The New Woman and the Old Man," Which Pleased His Hearers.

The third day (Wednesday) of the fourth annual session of the Florida Winter Chautauqua, was another delightful success from every point of view, and each session during the day was well attended.

In the morning Prof. J. R. C. Brown of Virginia delivered another of his eloquent and instructive lessons on the Bible. Those who have been accustomed to attending these lectures through the Bible Conference have found them so instructive and of such deep interest that they cannot remain away, with the result that Prof. Brown's audiences are as large as ever, and in fact may be growing in attendance. He is a marvel as a Bible teacher and his hearers appreciate him.

The afternoon session was well attended, as it was announced on Tuesday evening that Col. Geo. W. Bain would deliver his final lecture of the season, "The New Woman and the Old Man." The school children were favored with a special tariff for this lecture, and many of them showed their appreciation by their presence. Col. Bain's lecture upon this occasion was of a rather humorous strain, but at the same time full of good suggestions. It was really one of his most interesting efforts while here, and was not so deep as his two former ones, proved all the more interesting on account of its ease of conception. Col. Bain is indeed a fine speaker, and it is indeed to be regretted that his duties elsewhere prevent him from remaining here longer.

In the evening the Montauk Lady Quartette of New York York City, a quartette which enjoys a national reputation, was the attraction. They were assisted by Miss Giles, in violin and vocal selections. The quartette has been long organized, and has been quite popular throughout the country. Their work was greatly enjoyed, especially their Japanese song. Each of the quartette was on the program to take the principal part of the entertainment, the hit of the evening being the singing of Miss Christine Miller to her own accompaniment on the violin. She was compelled to respond the third time to encores, and, the engagement being concluded with an encore appearance, as a mark of appreciation of her work she was given the Chautauqua salute.

The program for today will be as follows:

Devotional and Biblical exposition by Prof. J. R. C. Brown at 10 o'clock. Lecture at 8 o'clock by Arthur (Sunshine) W. Hawks of Baltimore, on "Sunshine and Shadow." Prof. Hawks as a wit and mimic is irreproachable. He has long been on the platform, and has enjoyed a reputation in his line which is not surpassed anywhere in this country. To use the expression, he is in a class by himself, and his lecture today in bound to please.

This evening, beginning at 8 o'clock, there will be a prelude by the Montauk Lady Quartette, which willbe followed by an exhibition by the Vitagraph, with its wonderful moving pictures. These pictures will be the newest and best from each hemisphere, and an evening of rare enjoyment and instruction is assured.

Tomorrow will be one of the greatest days of the Chautauqua, owing to the appearance of Capt. Richmond Pearson Hobson, who lectures in the afternoon at 3 o'clock.

This session of the Chautauqua affords the most interesting and expensive program ever presented here, and our people are showing their appreciation by a liberal attendance and support. Owing to the exceedingly expensive program it will be necessary this year to dispose of many more tickets than at previous seasons, but even at the price tickets for the entire course are selling, $3.50, taking into consideration the class of entertainment, they are considered cheap. Those who have purchased season tickets are well pleased with the attractions, which are as fine as money can secure.

PROPERTY IS BOOMING

Dr. W. Porter Disposed of Five Lots While Surveying a New Plat.

Property in all sections of the city continues on the move, and is being transferred with gratifying regularity.

Northwest Gainesville in apparently keeping up with the procession in this direction, there being hardly a day but that some record of a sale is not made in the office of the Clerk of the Circuit Court.

Dr. W. Porter made a most remarkable sale, as reported by Surveyor J. W. Patton, Tuesday. Mr. Patton had been employed to make a survey of some lots in Brown's addition, Northwest Gainesville, and while the survey was being made the owner sold five lots.

These lots are desirably located for residence purposes by those who desire to live in that section, and it is understood that they will be built up at an early day.

SEWER PIPE ARRIVES.

After Long and Impatient Wait the Force Has Resumed Work.

After a long and impatient delay, caused by the failure of shipments of piping to arrive, Contractor Beeman, who is constructing the sewerage, has at last been enabled to put his force to work again.

Two carloads of piping, which have been en route for several weeks, have at last arrived, and the contractor lost no time in having the same unloaded.

Contractor Beeman states that one carload of piping shipped from Birmingham, Ala., in December, 1906, has not yet "shown up," and a tracer has been unable to locate it.

The failure of material to arrive results in a serious delay to the work, which could have been finished several months earlier had these delays not occurred.

Meeting of Boards.

The regular monthly meetings of the Board of County Commissioners and Board of Public Instruction were held Tuesday, the session of the former being continued over Wednesday. As soon as the official proceedings are [illegible] on the minutes they will ap-

NEWS OF CITY AND COUNTY CONDENSED

Postmaster L. C. Lynch returned last night from Jacksonville, where he has been on a brief business trip.

W. L. Hill has gone to Micanopy, where he will spend two or three days as the guest of Dr. H. L. Montgomery.

Richard Hulme of Jacksonville is in the city. Mr. Hulme, who is a successful traveling salesman, made his home at Hawthorn for several years.

W. F. Grissome of Rochelle was in the city yesterday. He was accompanied by his father, J. R. W. Grissome, who will remain here for the next few days.

Among the prominent visitors to this city yesterday was Dr. J. M. Jackson of Bronson, one of the pioneer citizens of Levy county. The Doctor is yet quite active, notwithstanding his advanced age, and retains that same clever and affable disposition which made him popular years ago.

Mr. and Mrs. W. B. Reynolds and little daughter of Abington, Ill., who have been here for the past few months as guests of Mrs. Reynolds' uncle, N. A. Callison, Spring Park farm, left Tuesday for their home. They were well pleased with Florida, and may decide to return next season.

A. Ford and Mr. and Mrs. H. A. Ford and children have arrived from Jacksonville, and are again pleasantly located at their former home on East Church street. They will be gladly welcomed back as residents of Gainesville. Mr. Ford's position with the Atlantic Coast Line will keep him on the road considerably, but he will be enabled to spend his Sundays with his family.

THE WOMAN'S EXCHANGE.

Formerly Opened Wednesday Afternoon Under Favorable Conditions.

There was a formal opening of the Woman's Exchange yesterday afternoon at the library rooms, when the ladies of the association tendered a reception and served tea in honor of the occasion. They have organized under very auspicious circumstances, having had many new names added to their already very flattering membership list.

Many nice things were sent in, both in the fancy work and culinary lines. One of the nice things received was deviled crabs, nice and warm, which sold like hot cakes. Orders for same through the Exchange will be filled any time. Also orders for different kinds of cakes, candies, etc. Also orders for different kinds of sewing will be filled. Apply at the Exchange for information, and send in things for sale and help the Exchange and the Library.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

ENGINEERS SCORE THE ATLANTIC COAST LINE

Interview in Savannah News Laid Blame to Them for Delays.

THEY REPUDIATE CHARGES

Declare That if the Engines Were Not Worn Out and the Track Was in Good Condition There Would be No Trouble—Have No Desire to Shirk.

Editor Sun: We have read an interview in The Savannah Morning News of Feb. 27th relative to the engineers being in a measure responsible for the congested condition of traffic on the Coast Line, and in reply wish to say that Mr. Walters gives only one side of the question. He was informed by the round-house foreman that the six engineers who had reported sick were not really sick, but had just so reported to get to go to the Fair. Now we don't know who these men were, and we don't know who the round-house foreman was, but we can safely say that on roads where the equipment and track is kept up to a standard of safety, and when traffic is so handled that an engineer can get over his division in anything like a reasonable length of time, there is little or no trouble of this kind. Engineers do not as a rule lay off and lose time unless there is some cause for it, but when the engines are in a wretchedly dilapidated condition, so that the probabilities are that he will have to draw his fire and be towed back to the shops, or that he will have to "double" the hills on account of too heavy a train, with steam blowing out of every joint so that he cannot see where he is going, a very poor headlight, if any at all, flues leaking and bad coal, no steam and an inexperienced fireman; then add to this a track that is known to be unsafe, where you can stop anywhere and pull spikes up with the hand, over seventy-five per cent of the ties rotten and no section men at work, no work trains out—in fact nothing to encourage us, but everything to discourage and dishearten us, together with being kept but on the run anywhere from fourteen to thirty-six hours, now is it to be wondered at that men are sick? Truly it is enough to sicken any set of men.

In conclusion, if Mr. Walters will put his road and equipment in a fair condition, and will make an effort to fix things so the men can live, they will do their part, and the Coast Line will have plenty of engineers to handle their business, and men will not find it necessary to report sick in order to get off for a day or two. It is the deplorable condition things have been allowed to get into, and not the desire to attend county or State fairs, that has caused the men to lay off. Neither will you find many engineers who will resort to falsehood in order to be relieved for any cause.

The principal cause for engines being in such poor condition is the insufficient amount of appropriation for running expenses of the different shops. ENGINEERS.

Jesse Pitts Married.

Mr. and Mrs. Jesse Pitts, after a brief but pleasant visit to Mrs. T. W. Pitts in this city, have gone to Tampa, which will be their future home.

Mr. Pitts, who has been serving in the hospital department of the United States Army in the Philippines, recently returned to the United States, and was married on Wednesday of the past week to Miss Gussie Roehing, in St. Louis. He is well known here, being a former Gainesville boy, and his numerous friends kept him busy receiving congratulations.

Mr. Pitts will engage in business in Tampa with his father, Thos. W. Pitts.

Classification Committee Meets.

Mobile, Ala., March 6.—The Southern classification committee composed of all southern railroads, met here in annual session Tuesday at the Cawthon hotel with about 50 members present. The commission will be in session until Friday for the purpose of hearing complaints against the present classification of rates.

For Marshal.

I respectfully announce my candidacy for re-election as City Marshal, promising to faithfully discharge the duties of the office in the future as I have endeavored to do in the past. I solicit the votes of all good citizens.

ADDITIONAL RURAL ROUTES.

New Routes Will be Established Within the Next Few Days.

When the first rural delivery routes from Gainesville were established there were some who favored them, and others who did not believe that they would prove of any advantage. But three routes have now been in successful operation for the past year, and so satisfactory have they been that there has been no objection on the part of those who were disposed to object, and now we are to have leading from Gainesville within the next few weeks two additional routes, which is evidence that the system is a success in this section.

The rural route is especially advantageous to the truckers, as it enables those residing a distance from the city to secure daily quotations without being compelled to drive to the postoffice for information, to say nothing of their loss of time on the farm. In all, it is a good thing, because it costs no more and in many instances is a great saving to those who receive mail daily as a matter of necessity to their business.

Postmaster Lynch has assured the public that one, and possibly two new routes will be established within a short time. They will be known as routes No. 5 and 6, and will cover important territory.

GOES TO HIS HOME.

Overseer Thigpin, Being Greatly Improved, Enabled to Travel to Waldo

Having greatly improved from the effects of the runaway a few weeks ago, which resulted in the loss of a foot, Road Overseer C. L. Thigpin, who has been at the Odd Fellows' Sanitarium, was enabled to leave the hospital Wednesday, and went to his home in Waldo. He was assisted to the station and on the train by friends, and was in the best of spirits. While he is yet unable to make any progress alone, he feels greatly encouraged, and will be in a position to resume his duties within the next few weeks.

Mr. Thigpin requests The Sun to express his deep appreciation and thanks to the good people of Gainesville for their sympathy and attention during his trouble, especially to the matron of the Home and the nurses who attended him, and to Commissioner C. C. Pedrick, J. R. Emerson and T. L. Boulware, all of whom have been exceptionally kind to him.

For Marshal.

I respectfully announce my candidacy for the office of City Marshal at the election on April 9th, 1907. If elected I shall perform the duties of the office without fear or favor.

THE NEWS FROM ARCHER.

Delightful Entertainment, Which Was Well Attended.

Archer, March 6.—Born to Mr. and Mrs. C. A. Harrod, Saturday, a fine girl. Mother and baby doing well.

Mrs. S. Scotton from Kokomo, Ind., has arrived to spend the winter and visit friends here.

Miss Mary Chenowith left Monday for her home in Indianapolis, Ind., after a visit to Miss Leila Bauknight.

Joel Tucker of Live Oak is here visiting his wife for a few days.

An entertainment was given at the hall Monday night which was very much enjoyed by a large crowd.

A fairy drill by eleven lovely little girls was beautifully done. The costumes were white, covered with silver stars adding very much to their beauty. It was a hard and long drill, but the little folks went through it without a mistake, which speaks well for them and Miss Leila Bauknight, who trained them. Several tableaus by the little fairies was a pretty feature.

Miss Anne Tuten was crowned queen of the fairies.

Mrs. Perkins delighted the audience with two lovely vocal solos.

Miss Grace Hughes played two very pretty instrumental solos, and Miss Lola Tuten and Miss Hughes gave us a beautiful duet.

Little Miss Louise DePass sang two very sweet solos. Her pieces are always enjoyed.

Sam Fleming played a solo, which added much to the program.

Miss Mary Chenowith, a friend of Miss Bauknight from Indiana, sang a very sweet solo.

Altogether it was a delightful musical treat, and we hope they will give us another of its kind soon. It was given for the benefit of the Manse and a neat sum was realized.

Dr. and Mrs. Waddell enjoyed a few days at Cedar Key this week.

Miss Osborne, from Newark, N. J., is visiting Miss Leila Bauknight.

Mrs. Marsh and two children of Johnston, S. C., was visiting relatives here this week.

Mr. and Mrs. W. L. Jackson have sold their residence to H. Maddox. They will at once commence to build them another.

Col. Trezvant, a prominent attorney of Memphis, Tenn., is here on a visit to his daughter, Mrs. M. H. DePass.

Dangers of Pneumonia.

A cold at this time if neglected is lisble to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Polite.

Robecchi asked a friend to dinner and then returned home furious. "What is the matter?" said his wife.

"Do not speak to me! It is a shame! I always thought a politeness produced one in return, so I asked Dobelli to lunch."

"And has he refused?"

"Refused! I should think not. He has accepted."—Caricaturista.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

Would Improve Mankind.

If the resolution not to lie were as strong as the determination not to be called a liar, the world's veracity would be greatly enlarged.—St. Louis Post-Dispatch.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

TRENTON DISTRICT TO HAVE HIGH SCHOOL

Enthusiastic Meeting of Patrons Held at Trenton Saturday.

THEY WANT TO BE MODERN

Patrons of Three Schools in the District Are to Have Their Children Taught to Best Advantage, and Take Action Accordingly.

The people of the West End are not to be outdone by those of central and eastern sections of the county. They met and decided that at least one district, the Trenton special school district, west of Newberry, should have the advantages of a school which would give the advanced pupils the advantage of an education of higher order without being compelled to rely on other sections of the county.

A. L. Sanders, W. H. Jones and W. F. Beach, trustees of the Trenton subschool district, saw an opportunity to act, and they did it. These gentlemen recognized the advantages of a high school in their district, and determined to call a meeting of the Trenton, Union Grove and Bartram schools, which was held at Trenton on Saturday morning.

This meeting was called for the purpose of discussing the advisability of consolidating the higher branches of the three schools, and erecting a school building in Trenton for the accommodation of high school students exclusively.

The meeting was presided over by Dr. J. L. Kelley, county superintendent of public instruction, and several good talks were made in favor of the movement, among which were addresses by Dr. Kelley, W. W. Colson, W. E. Bell and others.

It was decided not to abolish the three schools in the district, but to erect at the earliest possible date a high school building at Trenton for the accommodation of those pupils of the advanced grades from the various sections of the district who desired to take advantage of the opportunity, Superintendent Kelley guaranteeing the trustees that the proper number of teachers and the proper training would be furnished.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

L'CROSSE SUNDAY SCHOOL.

Will Hold Its Twenty-Fourth Anniversary First Sunday in April.

As has been the custom ever since the Sunday school existed, which lacks only one year of being a quarter of a century, the LaCrosse Baptist church will celebrate the twenty-fourth anniversary of its organization on April 7th. An elaborate and impressive program will be prepared, as usual, for this occasion, and a general good old love-feast is anticipated. This program has not yet been compiled, but will be of a musical and literary nature, and will be given to the public through The Sun as soon as completed.

Captain H. C. Parker, the merchant of LaCrosse, and one of the oldest and most widely known residents of that section of the county, has been superintendent of the Sunday school for many years, and has made himself quite popular as such. He takes a great delight in his work, which he always declares is the most pleasant he has to perform.

COSTS NOTHING UNLESS CURED

Liberal Way in Which Mi-o-na Stomach Tablets Are Sold by J. W. McCollum & Co.

If a friend should tell you that he would pay the doctor's bill for you unless you were cured, would it not impress you with his physician's skill? It is in this way that J. W. McCollum & Co. sell Mi-o-no stomach tablets, for they guarantee to refund the money if Mi-o-na does not cure.

Use Mi-o-na stomach tablets if you have any of the following symptoms: backache, headache, sleeplessness, nausea, distress after eating, specks before the eyes, despondency, nervousness, loss of appetite, dizziness, pains in the side and limbs, or gulping up of undigested food, and you will soon be cured and able to eat a hearty meal without fear of pain or distress.

Mi-o-na costs but 50c a box, nothing if it does not cure. J. W. McCollum & Co. are the local distributors.

Mullet Supper and Free Fight.

Americus, Ga., March 6.—In a general fight among negroes at a mullet supper, on a plantation near the city of Americus, a hundred pistol shots were fired promiscuously and with the usual result of two killed outright and several others wounded. The shootfest was only a customary pleasantry attendant upon such occasions and resulted from no specific cause.

Discussed Immigration Bill.

Victoria, B. C., March 6—Advices were received by the steamer Empress of China from Tokio, that a conference of elder statesmen and cabinet members was held on Feb. 16 to discuss the amended immigration bill projected by the United States. The protest against the bill was withdrawn in appreciation of president Roosevelt's efforts to bring about a happy settlement of the differences between the United States and Japan. A decision was reached at the meeting that no labor passport would be issued to immigrants for the United States.

Denies Petition for Rehearing.

San Francisco, March 6.—The circuit court of appeals denied the petition of the Southern Pacific company for a re-hearing of the action by which that corporation seeks the right to stop the Western Pacific when the denial was announced, asked for and secured a stay of thirty days in order that it might prepare a writ of certiorari to the supreme court of the United States asking that body to review the case.

RHEUMATISM

WORSE FROM YEAR TO YEAR

The cause of Rheumatism is an excess of uric acid in the blood, brought on by indigestion, chronic constipation, weak kidneys and a general sluggish condition of the entire system. The refuse and waste matter of the body is not carried out as nature intends, but is left to ferment and sour and generate uric acid, which is absorbed into the blood. The first evidence of Rheumatism is usually little wandering pains in the muscles and joints, or a tender, sensitive place on the flesh. These are often so slight that nothing is thought of them and they pass away; but with each recurrence the trouble becomes more severe, and from slight wandering pains and excited nerves, Rheumatism grows to be a painful and almost constant trouble. The longer the poison remains in the blood the firmer hold the trouble gets on the system. Each day the acid deposit is increasing and the disease grows worse from year to year. After awhile the joints become coated with a corrosive substance which seriously interferes with their working and movements and sometimes they become permanently stiff and useless. S. S. S. cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and irritating deposits, making the blood stream pure, fresh and healthy. S.S.S is made entirely of roots, herbs and barks, and is therefore a safe remedy. When the blood has been purified by S. S. S., the pains and aches pass away, and the cure is permanent. Book on Rheumatism, and medical advice free.

It is reported that George Bernard Shaw is writing a play in which George Washington figures. Which is quite appropriate, since figures never lie.

The amended Santo Domingo treaty has been ratified by the Senate and Uncle Sam is now acting as receiver for the financial affairs of that island.

To restore public confidence the railroads might print testimonials from passengers who have ridden on their trains a number of times and never been killed.

The Senate by a vote of 46 to 11 refused to reduce the tariff on sugar, tobacco and rice from the Philippines. What an ardent set of standpatters those Republican senators are.

An Eastern man was adjudged insane because he bought a railroad ticket and wanted to ride on top of the coach. Perhaps he merely wanted to keep out of the clutches of the porter.

A BELATED REPORT.

Senator Elkins has but just filed his minority report on the railroad rate bill, which became a law over a year ago. Either the railroad attorney who wrote the report has been too busy with his other strenuous efforts in preventing other railroad legislation to complete it before, or for some corporation reason it has been thought best to keep it back thus long. The report claims that passengers rode for 17.85 per cent less in 1904 than in 1880, and that freight reduction during the same period has been 58.71 per cent. But if that is true, what has it to do with the question of the unreasonableness of the present rates and the question of railroad graft and corruption generally? We know that but few railroads were paying dividends in the seventies, while now some are paying very large dividends. The Union Pacific railroad, which was bankrupt a few years ago, is now paying ten per cent, and has invested nearly 200 millions out of its profits in the stocks and bonds of other railroads. The rates on that road could be cut 50 per cent and still pay a fair dividend. Other railroads are nearly as prosperous, and yet their managers object to the Interstate Commerce Commission investigating their financial condition and prescribing reasonable rates. Even Senator Elkins' own railroad ridden State of West Virginia is trying to reduce passenger rates to two cents a mile, but Senator Elkins and other Republican politicians will probably prevent that reduction.

The Elkins report has perhaps been put out at this time to give the railroad side of the contention against reasonable rates and to affect public opinion in West Virginia and other States where rate legislation is pending. It will have about as much effect on an honest legislator as pouring water on a duck's back.

RAILROAD TAXATION.

The recent decision of the United States Supreme Court affirming the validity of the increased taxation of railroads in Nebraska, is a very important one. The Harriman-controlled Union Pacific through its attorneys claimed the State Board of Equalization was coerced in making the great increase—nearly double—by political clamor, and that the assessment was fraudulent. The court, through Justice Holmes, who delivered the opinion, took occasion to say that the charge of fraud unproven was almost enough to throw the case out of court, and that the cross-examination of the State Treasurer and the members of the board by the railroad attorneys as "wholly improper and going beyond the proprieties." The fact is the arrogant railroads thought they owned the State of Nebraska, as they do many States as far as railroad taxation is concerned, but finding the officials of the State not as tractable as heretofore undertook to browbeat them in true Harriman style. But times are changed and the people have awakened to the injustice and corruption they have suffered, and this is acting as a spur on even the sluggish Republican officeholders to represent the people instead of as heretofore being but tools of the railroads.

Harriman, the railroad magnate, is fortunate in having a poor memory about transactions that are shady, but the facts will be shown nevertheless. When full publicity is made of the Wall Street way of fleecing the public there will be crape on some of the office-doors in that vicinity.

Instead of President Roosevelt continuing to think that "all coons look alike to me," the evidence produced in the Senate Brownsville inquiry may cause him to amend his opinion by saying "Mexicans and coons all look alike in the dark."

AN EDITOR'S APPEAL.

My friend, help the editor in his wild-eyed search for news. When your friends come to see you, if you are not ashamed of it, tell him; when your wife gives a tea party if you have recovered from the effects of the gossip, drop in with the news; when a baby arrives fill your pockets with cigars and call; if you go to a party steal some of the good things and leave 'em with the item in our sanctum; if your wife licks you come in and let us see your scars and tender sympathy through the paper; if your mother-in-law died don't be bashful about it; give in all the common place news. In short, whatever makes you feel proud, sad, lonesome or glad submit it to our 24-karat wisdom and see our matted locks part and stand on end with gratitude, which will pour from every pore like moisture from the dew be-sprinkled earth.

Another theft from a United States sub-treasury, this time at Chicago, shows the careless way in which the government funds are handled and that Republicans politician are not safe custodians of the people's cash. This time the amount is $175,000 and where it went to is a mystery, but it is evident that some one familiar with the manner of transacting business was the thief.

The St. Louis Globe-Democrat says: "We are getting rich at the rate of $10,000,000 a day." We should shudder to even glance at the circulation statements of that paper.

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

SERMONETTES

BY J. MARVIN NICHOLS.

A fanatic is an educated fool.

Life is too short to fuddle with trash.

Nature has equipped every man for happiness.

That eternal triangle—man, wife, woman!

Many things we get we wish we never had seen.

Men who really do things say but little about it.

Quit following at somebody else's heels. You set the gait.

The leaders of the future are to be college-bred. Mark that!

You can see but little when your eyes are filled with tears.

Take this old world just as it is and try to make it better.

The misfortunes of the great can never apologize for the weak.

A secret whispered even to a bosom friend is no longer a secret.

Because you've never been in jail is no sign that you are as good as John Bunyan.

A great many will court the friendship of an angel just to get to borrow his wings.

You can tell a self-made man the moment he hits a French menu card in an American cafe.

Quality counts in men just like it does in hardware. You've got to have the proper ring.

As without the ear there never would be any sound, so joy can never be joy until you charge it.

The very reason you are not in a bigger place is that you won't fit. Isn't that reason enough?

Don't fight the same enemy too often. If you do he will learn your art of war—so said Napoleon.

Do everything reason tells you that you can do. Do nothing that conscience tells you not to do,

Don't mistake the thought! Gravitation did not commence with Newton—Newton began with gravitation.

Hold no ideas that are not possibilities. Otherwise, you are a dreamer—a builder of castles in the air.

That is not an honest critic who would expunge the false and at the same time fail to tell the truth he finds.

When a man admits that a woman knows more than he does she at once admits his superior order of intelligence.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

Governor of Porto Rico.

Washington, March 6.—Reginald Post, of Bayport, L. I., and a former assemblyman for that district, has been selected by the president as governor of the island of Porto Rico to succeed Governor Beekman Winthrop, who is to become assistant secretary of the treasury. Mr. Post is now secretary of the insular government, and is about 43 years of age.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. WHY SILHOUETTE.

A Curious Bit of History Wrapped Up In the Word.

The making of silhouettes can hardly be classed among the lost arts, since there is so little art about them. The best of them represent the human profile in a crude way, and they were regarded as rather a cheap kind of pictures even in the days when they were most popular. Indeed, the very word silhouette means something poor and cheap, and it had its origin in a spirit of ridicule. It is taken from Etienne de Silhouette, who was a French cabinet minister in the year 1759, when the treasury of France was very low because of costly wars with Britain and Prussia and by the extravagances of the government. When Etienne de Silhouette became minister of finance he set about making great reforms in the public expenditures. He was by nature a very "close" man, and he went to such extremes in keeping down the public expenses that he brought great ridicule upon himself, and finally anything that was cheap and poor was referred to as a la Silhouette.

A very crude picture was popular at that time. It was made by tracing the shadow or profile of a face projected by the light of a candle on a sheet of white paper and the outline defined with a pencil. This was such a very poor and cheap sort of picture that it was at once called a silhouette in further derision of the very saving French minister, and the name has "stuck." It is an instance of the curious derivation of some words in common use, and this unkind slur on a man who was really trying to introduce needed reforms in the spending of the public money has long been accepted as a good and proper word. Indeed, there is no other word used for pictures of this kind, although there were such pictures long before M. Etienne de Silhouette had his name attached to them in so embarrassing a way.—Morris Wade in Century.

G. B. Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

The Temperance of Miss Willard.

I met Walt Whitman once in Germantown at a home famous for its hospitality and the notables who loved to go there and know he was urged to leave out of the next edition certain poems. But "No" was the only answer. It was art and must never be disturbed. Miss Willard was also a guest, and Walt was rude to her; said he hated a crusading temperance fanatic, especially a woman. She was perfectly unruffled, and he left the room, but before long he returned and apologized in the sweetest way. Upstairs Frances said to me, "What a grand old man to be willing to own he was sorry for his remarks!"—Kate Sanborn in New England Magazine.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

His Idea of Happiness.

At the Players' club in New York some years ago a number of actors were arguing about the meaning of the word "happiness." In the midst of the argument Henry E. Dixey appeared, and one of the contestants said:

"Dixey, what is your idea of happiness?"

Mr. Dixey smiled thoughtfully. Then he replied: "My idea of true happiness is to lie on a couch before a bright fire, smoking a large Havana cigar given me by an admirer, while I listen to a woman who worships me reading aloud flattering press notices about my acting."

Found at Last.

J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say, take Dr. King's New Life Pills." Guaranteed satisfactory. Sold by all druggists.

Ballard Snow Liniment Co.

[illegible]

Sold and Recommended by

W. M. JOHNSON, Gainesville

Swallowed Packet of Needles.

New York, March 6.—Mrs. Dolly Dussler, 22 years old, who swallowed a packet of needles several months ago, is at present under treatment in Bellevue hospital where the surgeons states she has stiff scores of needles in her body. At the Fordham hospital where the woman was first treated, five operations were performed and 50 needles extracted. Some of the needles are located as far apart as back, chest, and arms, and it is feared that two of them which have traveled to the vicinity of the heart, may puncture that organ. A charge of attempted suicide may be made against the woman.

Troops Invade Nicaragua.

San Salvador, March 6.—A strong column of Honduran troops has invaded Nicaragua through the department of Ocotal. The headquarters of the Honduran army is established at Pespire. President Bonilla is in Chilutecа inspecting the fortifications and affairs there generally. He is well satisfied with the discipline and spirits of the troops. Chilutecа as at present fortified, is deemed impregnable. The general opinion here is that Honduran forces will eventually triumph.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Will Visit Panama.

Nashville, Tenn., March 6.—Secretary Shannon of the Nashville board of trade is daily in receipt of letters asking information regarding the proposed trip to Panama from various points in the south and southwest and as far west as Duluth, Minn. Every indication points to a complete success of the movement. The object of the trip is to acquaint the business men of the Mississippi Valley with the conditions existing in the canal zone.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

Famine Conditions Worse.

Victoria, B. C., March 6—Advices from Central China report famine conditions becoming worse. Middle-aged women are being sold for from ten to fifteen dollars and children for three to four dollars. Complaints are made that officials are delaying shipments of flour sent by the foreign relief committee. In some places dogs are being caught by the starving people by means of traps and hooks and are eaten as soon as captured.

Don't Complain

If your chest pains you and you are unable to sleep because of a cough Buy a bottle of Ballard's Horehound Syrup, and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs J—, Galveston, Texas, writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

Makes Strenuous Denial.

Paris, March 6.—The Madrid correspondent of the Eclair, in a dispatch published Tuesday quotes Garcia Alix, who was minister of finance in the Villaverde cabinet as denying that the vatican authorities made efforts to prevent King Alfonso from visiting France, as semi-officially stated in Paris, March 2.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.

Wrecked Passengers Landed.

Yokohama, March 6.—The passengers and crew of the wrecked steamship Dakota, have been landed from the Japanese steamer Hakual. They are in good health and spirits and extol the conduct of the officers of the Great Northern Steamship company, who have done everything possible for their comfort. They confirm the previous reports that the Dakota probbably will be a total loss.

A Baby

Should be sunshine in the home, and will be if you give it White's Cream Vermifuge, the greatest worm medicine ever offered to suffering humanity. This remedy is becoming the permanent fixture of well regulated households. A mother, with children, can't get along without a bottle of White's Cream Vermifuge in the house. It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

Strike Was Postponed.

New York, March 6.—The strike of the Franklin Association of Press Feeders in all the shops of the Typothetae did not go into effect Monday, as planned, because of the arrival of Martin P. Higgins, of the International Association of Printing Pressmen. Higgins had a conference with the officers of the Typothetae and the strike was prostponed pending new negotiations.

Boston, March 6.—Frank X. Fitzpatrick, a prominent resident of Cambridge, was arrested by government detectives Monday on a complaint from Mobile, Ala., that he had conspired to violate the interstate commerce regulations by sending lottery matter from one state into another.

National Bank for Rockmart.

Washington, March 6.—The application to organize the Citizens' National Bank of Rockmart, with $30,000 capital, has been approved by the comptroller of the currency.

Eczema, Tetter, Selt Rheum, Itch, Ring Worm, Herpes, Barbers' Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted all other treatment. Price 25 cents per box. For sale by all druggists.

Ten Injured In Wreck.

Tivoli, N. Y., March 6.—The limited fast mail train from Chicago for New York was partly derailed while passing through Vivoli at 5:40 a. m. Tuesday and ten persons were injured, others sustaining slight bruises. Cook Brandon, of the dining car, suffered a broken leg and three passengers and six other employees of the Pullman cars suffered scalp wounds and minor bruises.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

MRS. EVANS HAILE, Secretary.

J. J. Finley Chapter.

The regular session of J. J. Finley Chapter, U. D. C., is postponed until Thursday, 28th inst.

MRS. JOHN M. TAYLOR, President.

Attorney W. S. Broome spent yesterday in Archer on professional business.

W. E. Dow has returned from a business trip to Bell, Old Town, and other points in the West End and La-Fayette county.

Lost, between Col. Nichols' residence and Dutton's bank, lady's long handle white embroidered handsome silk parasol. Finder will be rewarded by leaving at Sun office.

J. U. Manning, wife and children, and Mr. Manning's sister, Mrs. P. Burney, have arrived in the city from Lakeland, having been summoned here on account of the illness of Mrs. A. Manning, mother of the former and Mrs Burney.

Conductor LeBarron, one of the most popular bell-cord yankers in the employ of the Atlantic Coast Line, has again been placed in charge of one of the day runs between Jacksonville and St. Petersburg. He will be gladly welcomed by the traveling public on this division.

Dr. J. A. and Isaac Batton of Uniontown, Pa., members of the annual hunting party who make things lively and life worth living on Lake Kanapaha each season, have returned to their home. They were, as usual, delighted with their outing this year, and hope to return early next season.

S. J. Neal of Meredith, an efficient employe of Phillips & McEachern, manufacturers of lumber, was in the city yesterday. He reports that Mrs Neal has been quite ill for some time, and that it became necessary to perform a surgical operation a few days ago, but that the patient is now getting along nicely.

After a delightful season spent in this city, Col. and Mrs. J. B. Lloyd departed Tuesday for their home in Shoals, Ind. Col. and Mrs. Lloyd have been regular winter visitors to Gainesville for many years, the former owning valuable property adjacent to Gainesville. They have many friends here who are glad to welcome them each season.

Dr. R. Goldstein, the well known optic specialist, of Louisville, Ky., who has been here often and fitted glasses to many of our best citizens, is at the Brown House until Friday noon, March 8th, where he can be consulted. All defects of eye-sight correctly fitted with glasses; absolute accuracy in testing eyes and perfect satisfaction guaranteed. If you have headache or neuralgia, consult Dr. Goldstein and get relief. Have your children's eyes attended to before sending to school. Examination free.

Gorton's Famous Minstrels, with entirely new acts, novel features and up-to-date specialties, will appear at the opera house Saturday night, March 9. Prominent among the new features may be mentioned "The Naval Clog," a spectacular dancing novelty, produced with appropriate costumes, electrical stage effects and introducing songs, marches, and various styles of solo and eccentric clog dancing. Elaborate stage mountings and skilful execution by expert artists, render this one of the strongest of the acts ever seen in minstrelsy.
